YOUR YEAR-ROUND COMFORT SOURCE

IS YOUR HEATING & COOLING SYSTEM PERFORMING AT ITS MAXIMUM EFFICIENCY?

Did you know that dirt and neglect are the #1 causes of heating and cooling system failures? According to the U.S. Department of Energy, one of the most important steps you can take to prevent future problems and unwanted costs is proper maintenance. They recommend cleaning/replacing your air filters about once a month AND having a licensed contractor do annual pre-season check-ups. As much as half of the energy used in your home goes to heating and cooling. So making smart decisions about your home's heating, ventilating, and air conditioning (HVAC) system can have a big effect on your utility bills — and your comfort. Worried you may forget to have the necessary maintenance? Let us keep track of when your Clean & Checks are due by investing in a Maintenance Agreement.

As a Maintenance Customer, you will receive:

**One Year
Residential MA
\$129 for one system
\$100 each additional**

- * Two Pre-Season Clean & Checks *
- * 15% Discount on any Repairs *
- * 24-Hour Priority Service *
